Personal Passion: Help Kings find ministry in the marketplace. See (www.Relesaing-Kings.com)

Vision for the Kingdom: I believe God has called me to "full-time ministry". For Kings, that means we earn our own salary instead of taking offerings "and" we minister in the marketplace instead of behind a pulpit. It means that we have something of value (a bargain) that helps make others successful.

Impact from Releasing Kings:

As an author, I was probably impacted more by Releasing Kings than anyone else. When we're done, the roles of Kings and Priests will be complementary and Kings will value the equipping of Pastors, and the church will rejoice over the exploits of Kings who take new land and expand God's Kingdom.

Come join Pastor Craig Buroker, and my co-author Harold Eberle at Airdrie Victory Church. Learn what a King in the Marketplace means, and what impact you can have on those around you!

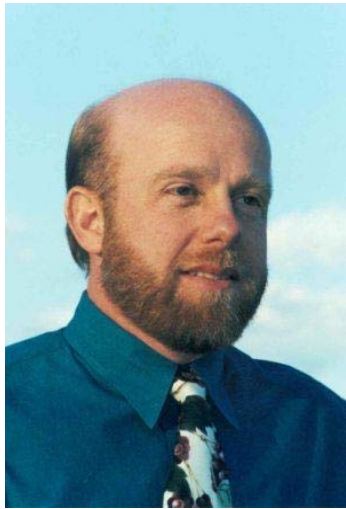

**Pastor Craig Buroker
Southside Victory Church
Times of Refreshing**

Craig Buroker comes to our conference with a message to both Kings and Priests. Craig also has a leadership mantle within the Victory Churches, and in media, through his "Times of Refreshing" program. Craig looks forward to seeing the fruit of individuals attending this conference spring boarding into their destiny.

Pastor Buroker will share 3 topics with us:

- When God works
- Mindset of abundance
- A Kingdom Heart

Harold Eberle
Co-Author "Releasing Kings",
Founder, Worldcast Ministries

Harold Eberle's message revolves around the maturation of the Church and the reformation we must go through to prepare Her for the last great harvest. The words you will often hear him proclaim are, **"Let's change the world!"** When you get around him, faith in your own heart arises, inspiring you to become all that God has created you to be.

In working with John Garfield in their "Releasing Kings" book, Harold speaks with understanding a challenging message to both Kings and Priests to "change their world."
